The Agency shall post the summary and notice of the approval and implementation of the assisted living facility emergency power plans on its website within ten (10) business days of the plan's approval by the local emergency management agency and update within ten (10) business days of implementation. (4) IMPLEMENTATION OF THE PLAN. (a) Each assisted living facility licensed prior to the effective date of this rule shall, no later than _____, have implemented the plan required under this rule. (b) The Agency shall allow an extension up to _____ to providers in compliance with paragraph (c) below and who can show delays caused by necessary construction, delivery of ordered equipment, zoning or other regulatory approval processes. Assisted living facilities shall notify the Agency that they will utilize the extension and keep the Agency apprised of progress on a quarterly basis to ensure there are no unnecessary delays. If an assisted living facility can show in its quarterly progress reports that unavoidable delays caused by necessary construction, delivery of ordered equipment, zoning or other regulatory approval processes will occur beyond the initial extension date, the assisted living facility may request a waiver pursuant to section 120.542, F.S. (c) During the extension period, an assisted living facility must make arrangements pending full implementation of its plan that provides the residents with an area or areas to congregate that meets the safe indoor air temperature requirements of subsection (1) (a) for a minimum of ninety-six (96) hours. A 200	Continued From page 27 1. An assisted living facility not located in an evacuation zone must either have an alternative power source onsite or have a contract in place for delivery of an alternative power source and fuel when requested. Within twenty-four (24) hours of the issuance of a state of emergency for an event that may impact primary power delivery for the area of the assisted living facility, it must have the alternative power source and no less than ninety-six (96) hours of fuel stored onsite. 2. An assisted living facility located in an evacuation zone pursuant to chapter 252, F.S. must either: a. Fully and safely evacuate its residents prior to the arrival of the event; or b. Have an alternative power source and no less than ninety-six (96) hours of fuel stored onsite, within twenty-four (24) hours of the issuance of a state of emergency for the area of the assisted living facility. (d) Each new assisted living facility shall implement the plan required under this rule prior to obtaining a license. (e) Existing assisted living facilities that undergo any additions, modifications, alterations, refurbishment, renovations or reconstruction that require modification of the systems or equipment affecting the assisted living facility's compliance with this rule shall implement its amended plan concurrent with any such additions, modifications, alterations, refurbishment, renovations or reconstruction. (f) The Agency for Health Care Administration may request cooperation from the State Fire Marshal to conduct inspections to ensure implementation of the plan in compliance with this rule. (5) POLICIES AND PROCEDURES. (a) Each assisted living facility shall develop and	A 200

A 200	Continued From page 28 implement written policies and procedures to ensure that the assisted living facility can effectively and immediately activate, operate and maintain the alternate power source and any fuel required for the operation of the alternate power source. The procedures shall ensure that residents do not experience complications from fluctuations in air temperatures inside the facility. Procedures must address the care of residents occupying the facility during a declared state of emergency, specifically, a description of the methods to be used to mitigate the potential for heat related injury including: 1. The use of cooling devices and equipment; 2. The use of refrigeration and freezers to produce ice and appropriate temperatures for the maintenance of medicines requiring refrigeration; 3. Wellness checks by assisted living facility staff to monitor for signs of _____ and heat injury; and 4. A provision for obtaining medical intervention from emergency services for residents whose life safety is in jeopardy. (b) Each assisted living facility shall maintain the written policies and procedures in a manner that makes them readily available at the licensee's physical address for review by a legally authorized entity. If the policies and procedures are maintained in an electronic format, assisted living facility staff must be readily available to access the policies and procedures and produce the requested information. For purposes of this section, "readily available" means the ability to immediately produce the policies and procedures, either in electronic or paper format, upon request. (c) The written policies and procedures must be readily available for inspection by each resident; each resident's legal representative, designee, surrogate, guardian, attorney in fact, or case	A 200

A 200	Continued From page 30 purposes of this section, "readily available" means the ability to immediately produce the notifications, either in electronic or paper format, upon request. This Statute or Rule is not met as evidenced by: Based on observation, record review and interview the facility failed to notify residents or their legal representatives, in writing, the Detailed Emergency Environmental Control Plan for one out of three sampled residents (Resident # 1). The facility also failed to have a working monoxide detector. Findings Include: 1) A review of Resident # 1's records showed she was admitted on and no documentation the resident or their legal representative were notified of the facility's Emergency Environmental Control plan in file. On at 11:50 AM, the Administrator stated, "I don't know why she doesn't have one". 2) On at 10:26 AM, observed a monoxide detector laying on top of the facility's fire alarm system. Further observation showed the monoxide detector did not have any batteries installed. On at 10:27 AM, the Administrator stated, "I had to take out the batteries because it started to beep. Let me see if I can put the batteries again".	A 200
