A 000	Initial Comments A re-licensure survey was conducted at Lee's Progressive Home Care on A deficiency was identified at the time of the survey.	A 000		
A 052 SS=D	429.256(. . .); 59A-36.008(3) Medication - Assistance with Self-Admin 429.256 (3) Assistance with self-administration of medication includes: (a) Taking the medication, in its previously dispensed, properly labeled container, from where it is stored, and bringing it to the resident. For purposes of this paragraph, an syringe that is prefilled with the proper dosage by a pharmacist and an that is prefilled by the manufacturer are considered medications in previously dispensed, properly labeled containers. (b) In the presence of the resident, confirming that the medication is intended for that resident, orally advising the resident of the medication name and dosage, opening the container, removing a prescribed amount of medication from the container, and closing the container. The resident may sign a written waiver to opt out of being orally advised of the medication name and dosage. The waiver must identify all of the medications intended for the resident, including names and dosages of such medications, and must immediately be updated each time the resident's medications or dosages change. (c) Placing an oral dosage in the resident's or placing the dosage in another container and helping the resident by lifting the container to his or her (d) Applying medications. (e) Returning the medication container to proper storage. (f) Keeping a record of when a resident receives	A 052

A 052	Continued From page 2 medication by an unlicensed person as described in this section shall not be considered administration as defined in s. 465.003. 59A-36.008 (3) ASSISTANCE WITH SELF-ADMINISTRATION. (a) Any unlicensed person providing assistance with self-administration of medication must be _____ or older, trained to assist with self-administered medication pursuant to the training requirements of Rule 59A-36.011, F.A.C., and must be available to assist residents with self-administered medications in accordance with procedures described in Section 429.256, F.S. and this rule. (b) In addition to the specifications of Section 429.256(3), F.S., assistance with self-administration of medication includes, orally advising the resident of the name and dosage of the medication and verbally prompting a resident to take medications as prescribed. (c) In order to facilitate assistance with self-administration, trained staff may prepare and make available such items as water, juice, cups, and spoons. Trained staff may also return unused doses to the medication container. Medication, which appears to have been contaminated, must not be returned to the container. (d) Trained staff must observe the resident take the medication. Any concerns about the resident's reaction to the medication or suspected noncompliance must be reported to the resident's health care provider and documented in the resident's record. (e) When a resident who receives assistance with medication is away from the facility and from facility staff, the following options are available to enable the resident to take medication as	A 052

A 052	Continued From page 3 prescribed: 1. The health care provider may prescribe a medication schedule that coincides with the resident's presence in the facility. 2. The medication container may be given to the resident, a friend, or family member upon leaving the facility, with this fact noted in the resident's medication record. 3. The medication may be transferred to a pill organizer pursuant to the requirements of subsection (2), and given to the resident, a friend, or family member upon leaving the facility, with this fact noted in the resident's medication record, or 4. Medications may be separately prescribed and dispensed in an easier to use form, such as unit dose packaging. (f) Assistance with self-administration of medication does not include the activities detailed in Section 429.256(4), F.S. (g) As used in Section 429.256(4)(h), F.S., the terms "judgment" and "discretion" mean interpreting vital signs and evaluating or assessing a resident's condition. (h) All trained staff must adhere to the facility's control policy and procedures when assisting with the self-administration of medication. This Statute or Rule is not met as evidenced by: Based on observation, interview and record review, the facility failed to follow the state's correct procedures when assisting with the self-administration of medication for two out of three sampled residents (Resident #1, #2). Findings include: On at 10:28 AM, observed the Owner	A 052

A 052	Continued From page 4 push the tablets from the medication pack into her and then into a small clear cup. She then walked to Resident #1, handed her the cup, and told her to take her medication. The Owner failed to inform the resident of what medication she was taking. A review of Resident #1's records showed no documentation of a signed written waiver to opt out of being orally advised of the medication name and dosage. A review of Resident #1's medication observation record (MOR) showed that the resident took 81 MG (used to reduce) or 100 MG (used to treat high), 40 MG (used to treat high and), 20 mg (used to treat high), 25 MG (used to treat), 40 MG (used to treat certain and problems), 25 MG (used to treat major), 1 MG (used to treat and) and 50 MG (used to treat high) On at 10:30 AM, observed the Owner repeat the same to Resident #2. Again, the Owner did not inform the resident of what medication she was about to take. A review of Resident #2's medication observation record (MOR) showed that the resident took 25 MG (used to treat certain mental/), 50 MCG (used to treat), and certain types of), SOD Dr 500 MG (used to treat	A 052
