A 025	Continued From page 6 The findings include: On _____ a record review was conducted for Resident #1. The record review revealed, on _____, that the resident ambulated to the bathroom on the first floor across from the dining room following the evening meal. The resident did not exit the bathroom and was found on the morning of _____ by a staff member. The resident was transferred to the hospital where he was admitted for Rhabdomyolysis, a condition which causes the breakdown of _____ tissue, releasing damaging protein into the _____. This condition can be caused by an injury, excessive exercise, or sitting or lying in the same position for an extended position, especially on a hard surface. On _____ at approximately 11:25 AM, an interview was conducted with Resident #1, who stated he does not remember all the details but he remembers he went to the bathroom and slipped, falling between the toilet and the floor. The resident stated he did not call for help. On _____, an interview was conducted with the Interim Executive Director (ED), who stated the facility does not have a policy and procedure related to checking on the residents. The residents have a pendant they wear around their necks that they can press for assistance when they need it. The ED stated the resident is known not to wear his pendant. Class III	A 025
