A 000	Initial Comments An unannounced Relicensure with Limited Nursing Services (LNS) survey and a Generator Monitoring survey were conducted on _____ at Brookdale Jensen Beach. The facility had deficiencies related to the relicensure survey identified at the time of the visit.	A 000		
A 056	59A-36.008(7) FAC Medication - Labeling and Orders (7) MEDICATION LABELING AND ORDERS. (a) The facility may not store prescription drugs for self-administration, assistance with self-administration, or administration unless they are properly labeled and dispensed in accordance with Chapters 465 and 499, F.S., and Rule 64B16-28.108, F.A.C. If a customized patient medication package is prepared for a resident, and separated into individual medicinal drug containers, then the following information must be recorded on each individual container: 1. The resident's name; and, 2. The identification of each medicinal drug in the container. (b) Except with respect to the use of pill organizers as described in subsection (2), no individual other than a pharmacist may transfer medications from one storage container to another. (c) If the directions for use are "as needed" or "as directed," the health care provider must be contacted and requested to provide revised instructions. For an "as needed" prescription, the circumstances under which it would be appropriate for the resident to request the medication and any limitations must be specified; for example, "as needed for _____, not to exceed 4 tablets per day." The revised instructions, including the date they were obtained from the	A 056

A 056	Continued From page 1 health care provider and the signature of the staff who obtained them, must be noted in the medication record, or a revised label must be obtained from the pharmacist. (d) Any change in directions for use of a medication that the facility is administering or providing assistance with self-administration must be accompanied by a written, faxed, or electronic copy of a medication order issued and signed by the resident's health care provider. The new directions must promptly be recorded in the resident's medication observation record. The facility may then obtain a revised label from the pharmacist or place an "alert" label on the medication container that directs staff to examine the revised directions for use in the medication observation record. (e) A nurse may take a medication order by telephone. Such order must be promptly documented in the resident's medication observation record. The facility must obtain a written medication order from the health care provider within 10 working days. A faxed or electronic copy of a signed order is acceptable. (f) The facility must make every reasonable effort to ensure that prescriptions for residents who receive assistance with self-administration of medication or medication administration are filled or refilled in a timely manner. (g) Pursuant to Section 465.0276(5), F.S., and Rule 61N-1.006, F.A.C., sample or complimentary prescription drugs that are dispensed by a health care provider, must be kept in their original manufacturer's packaging, which must include the practitioner's name, the resident's name for whom they were dispensed, and the date they were dispensed. If the sample or complimentary prescription drugs are not dispensed in the manufacturer's labeled package,	A 056

A 056	Continued From page 3 at the time and there was a change in pharmacy that caused the resident not to receive the medication. However, it was unclear which reason was for each dose missed as there were insufficient notations by staff to show why the medication was not provided, and what was done to obtain a refill. Class III	A 056			
A 093	59A-36.012(2) FAC Food Service - Dietary Standards (2) DIETARY STANDARDS. (a) The meals provided by the assisted living facility must be planned based on the current USDA Dietary Guidelines for Americans, 2020-2025, which are incorporated by reference and available for review at: http://www.frules.org/Gateway/reference.asp?No=Ref-04003 , and the current table of Dietary Reference Intakes established by the Food and Nutrition Board of the Institute of Medicine of the National Academies, 2019, which are incorporated by reference and available for review at: https://ods.od.nih.gov/HealthInformation/Dietary_Reference_Intakes.aspx . Therapeutic diets must meet these nutritional standards to the extent possible. (b) The residents' nutritional needs must be met by offering a variety of meals adapted to the food habits, preferences, and physical abilities of the residents, and must be prepared through the use of standardized recipes. For facilities with a licensed capacity of 16 or fewer residents, standardized recipes are not required. Unless a resident chooses to eat less, the facility must serve the standard minimum portions of food	A 093

A 093	Continued From page 4 according to the Dietary Reference Intakes. (c) All regular and therapeutic menus to be used by the facility must be reviewed annually by a licensed or registered dietitian, a licensed nutritionist, or a registered dietetic technician supervised by a licensed or registered dietitian, or a licensed nutritionist to ensure the meals meet the nutritional standards established in this rule. The annual review must be documented in the facility files and include the original signature of the reviewer, registration or license number, and date reviewed. Portion sizes must be indicated on the menus or on a separate sheet. 1. Daily food servings may be divided among three or more meals per day, including snacks, as necessary to accommodate resident needs and preferences. 2. Menu items may be substituted with items of comparable nutritional value based on the seasonal availability of fresh produce or the preferences of the residents. (d) Menus must be dated and planned at least 1 week in advance for both regular and therapeutic diets. Residents must be encouraged to participate in menu planning. Planned menus must be conspicuously posted or easily available to residents. Regular and therapeutic menus as served, with substitutions noted before or when the meal is served, must be kept on file in the facility for 6 months. (e) Therapeutic diets must be prepared and served as ordered by the health care provider. 1. Facilities that offer residents a variety of food choices through a select menu, buffet style dining, or family style dining are not required to document what is eaten unless a health care provider's order indicates that such monitoring is necessary. However, the food items that enable residents to comply with the therapeutic diet must	A 093

A 093	Continued From page 6 items served with substitutions of equal nutritional value were served to residents in the secured unit that received a modified texture diet, for 2 out of 2 sampled residents (Residents #7 and #11); and, failed to post or have easily accessible a menu for all residents in the secured unit. The findings included: On _____ at 12:20 PM, staff in the secured unit were observed serving lunch prepared in pureed texture delivered by the kitchen to 2 residents (Residents #7 and #11). These residents were _____, and were not able to be interviewed. There was no menu posted or available for review in the secured unit. The dietician approved menu dated _____ indicated that the residents were to be served the following items: 1. Reuben Sandwich 2. Potato Salad 3. 3 Bean Salad 4. Chocolate Pie Residents #7 and #11 were served a large bowl of brown pureed food, and light colored pudding. They were not served the potato salad, the 3 bean salad or the chocolate pie. These findings were discussed with the Food Service Director at 12:30 PM on _____. She acknowledged that the residents were supposed to be served the side items and the chocolate pie, pureed and separated. Class III	A 093
