{A 058}	Continued From page 1 practices as established in Rule 58A-5.0185, F.A.C., is documented by the agency pursuant to an inspection of the facility, the agency must notify the facility in writing that the facility must employ or contract the services of a pharmacist licensed pursuant to Section 465.0125, F.S., or registered nurse as determined by the agency. 2. After developing and implementing a corrective action plan in compliance with Section 429.42(2), F.S., the initial on-site consultant visit must take place within 7 working days of the notice of the class I or II deficiency and within 14 working days of the notice of an uncorrected class III deficiency. The facility must have available for review by the agency a copy of the license of the consultant pharmacist or registered nurse and the consultant's signed and dated review of the corrective action plan no later than 10 working days subsequent to the initial on-site consultant visit. 3. The facility must provide the agency with, at a minimum, quarterly on-site corrective action plan updates until the agency determines after written notification by the consultant and facility administrator that deficiencies are corrected and staff has been trained to ensure that proper medication standards are followed and that such consultant services are no longer required. The agency must provide the facility with written notification of such determination. This Statute or Rule is not met as evidenced by: Based on record review and interview, the facility failed to employ or contract the services of a licensed consultant pharmacist or registered nurse following notification of uncorrected Class III medication deficiencies. Findings included:	{A 058}

{A 058}	Continued From page 2 A record review, conducted on , revealed the facility was cited for an uncorrected Class III deficiencies related to medication practices on . The facility's documentation of onsite consultation visits was requested. The facility was unable to provide documentation of onsite consultation visits with a licensed consultant pharmacist or registered nurse as required. The facility initiated a contract with a pharmacy consultant on survey after surveyor asked.. (Photographic evidence obtained.) During an interview on at 11:37 a.m., the Assistant Administrator confirmed the facility had no pharmacy consultant reports and said the facility had just obtained a contract and expected the consultant to have the first visit the following day.
