429.28 Resident bill of rights.-
(1) No resident of a facility shall be deprived of any civil or legal rights, benefits, or privileges guaranteed by law, the Constitution of the State of Florida, or the Constitution of the United States as a resident of a facility. Every resident of a facility shall have the right to:
(a) Live in a safe and decent living environment, free from and neglect.
(b) Be treated with consideration and respect and with due recognition of personal dignity, individuality, and the need for privacy.
(c) Retain and use his or her own clothes and other personal property in his or her immediate living quarters, so as to maintain individuality and personal dignity, except when the facility can demonstrate that such would be unsafe, impractical, or an infringement upon the rights of other residents.
(d) Unrestricted private communication, including receiving and sending unopened correspondence, access to a telephone, and visiting with any person of his or her choice, at any time between the hours of 9 a.m. and 9 p.m. at a minimum. Upon request, the facility shall make provisions to extend visiting hours for caregivers and out-of-town guests, and in other similar situations.
(e) Freedom to participate in and benefit from community services and activities and to pursue the highest possible level of independence, autonomy, and interaction within the community.
(f) Manage his or her financial affairs unless the resident or, if applicable, the resident's representative, designee, surrogate, guardian, or attorney in fact authorizes the administrator of the facility to provide safekeeping for funds as provided in s. 429.27.
(g) Share a room with his or her spouse if both

are residents of the facility.
(h) Reasonable opportunity for regular exercise several times a week and to be outdoors at regular and frequent intervals except when prevented by inclement weather.
(i) Exercise civil and religious liberties, including the right to independent personal decisions. No religious beliefs or practices, nor any attendance at religious services, shall be imposed upon any resident.
(j) Assistance with obtaining access to adequate and appropriate health care. For purposes of this paragraph, the term "adequate and appropriate health care" means the management of medications, assistance in making , , for health care services, the provision of or arrangement of transportation to health care , , , and the performance of health care services in accordance with s. 429.255 which are consistent with established and recognized standards within the community.
(k) At least 45 days' notice of relocation or termination of residency from the facility unless, for medical reasons, the resident is certified by a physician to require an emergency relocation to a facility providing a more skilled level of care or the resident engages in a pattern of conduct that is harmful or offensive to other residents. In the case of a resident who has been adjudicated mentally , , the guardian shall be given at least 45 days' notice of a nonemergency relocation or residency termination. Reasons for relocation must be set forth in writing and provided to the resident or the resident's legal representative. The notice must state that the resident may contact the State Long-Term Care Ombudsman Program for assistance with relocation and must include the statewide toll-free telephone number of the program. A 058	Continued From page 15 59A-36.023(3) (3) EMPLOYMENT OF A CONSULTANT. (a) Medication Deficiencies. 1. If a class I, class II, or uncorrected class III deficiency directly relating to facility medication practices as established in Rule 59A-36.008, F.A.C., is documented by agency personnel pursuant to an inspection of the facility, the agency must notify the facility in writing that the facility must employ or contract the services of a pharmacist licensed pursuant to Section 465.0125, F.S., or registered nurse as determined by the agency. 2. After developing and implementing a corrective action plan in compliance with Section 429.42(2), F.S., the initial on-site consultant visit must take place within 7 working days of the notice of a class I or class II deficiency and within 14 working days of the notice of an uncorrected class III deficiency. The facility must have available for review by the agency a copy of the license of the consultant pharmacist or registered nurse and the consultant's signed and dated review of the corrective action plan no later than 10 working days subsequent to the initial on-site consultant visit. 3. The facility must provide the agency with, at a minimum, quarterly on-site corrective action plan updates until the agency determines after written notification by the consultant and facility administrator that deficiencies are corrected and staff has been trained to ensure that proper medication standards are followed and that such consultant services are no longer required. The agency must provide the facility with written notification of such determination.	A 058

A 058	Continued From page 16 This Statute or Rule is not met as evidenced by: Based on observation, record review and interview, the facility failed to correct two class III deficiency cited under a standard survey involving the medication observation record (MOR) and not posting the menu in a conspicuous place. The facility failed to ensure Residents #3, 4, and 6 maintain a medication waiver with their listed medications to opt of being orally advised of the name and dosage. The facility failed to offer Resident #6 medication at the prescribed time. The facility failed to ensure medications were secured in a locked cabinet. The facility failed to follow a therapeutic diet prescribed by a health care provider for Resident #1. The facility failed to follow the posted menu approved by a registered dietitian. Therefore, the facility is required to contract the services of a licensed pharmacist or registered nurse and dietitian who will provide at least quarterly consultation until the Agency for Health Care Administration determines that these services are no longer needed. Findings: A record review showed the facility was cited on during a standard survey for signing the medication observation record before offering the medication, unlocked medications and not posting the menu in a conspicuous place. Observation on at 6:18 AM found unlocked medications. Observation on at 7:42 AM Resident #3 received medications without being orally advised of the name and dosage. A review of Resident #3's medication waiver	A 058

{A 093}	Continued From page 18 (2) DIETARY STANDARDS. (a) The meals provided by the assisted living facility must be planned based on the current USDA Dietary Guidelines for Americans, 2020-2025, which are incorporated by reference and available for review at: http://www.flrules.org/Gateway/reference.asp?No=Ref-04003, and the current table of Dietary Reference Intakes established by the Food and Nutrition Board of the Institute of Medicine of the National Academies, 2019, which are incorporated by reference and available for review at: https://ods.od.nih.gov/HealthInformation/Dietary_Reference_Intakes.aspx. Therapeutic diets must meet these nutritional standards to the extent possible. (b) The residents' nutritional needs must be met by offering a variety of meals adapted to the food habits, preferences, and physical abilities of the residents, and must be prepared through the use of standardized recipes. For facilities with a licensed capacity of 16 or fewer residents, standardized recipes are not required. Unless a resident chooses to eat less, the facility must serve the standard minimum portions of food according to the Dietary Reference Intakes. (c) All regular and therapeutic menus to be used by the facility must be reviewed annually by a licensed or registered dietitian, a licensed nutritionist, or a registered dietetic technician supervised by a licensed or registered dietitian, or a licensed nutritionist to ensure the meals meet the nutritional standards established in this rule. The annual review must be documented in the facility files and include the original signature of the reviewer, registration or license number, and date reviewed. Portion sizes must be indicated on	{A 093}

{A 093}	Continued From page 19 the menus or on a separate sheet. 1. Daily food servings may be divided among three or more meals per day, including snacks, as necessary to accommodate resident needs and preferences. 2. Menu items may be substituted with items of comparable nutritional value based on the seasonal availability of fresh produce or the preferences of the residents. (d) Menus must be dated and planned at least 1 week in advance for both regular and therapeutic diets. Residents must be encouraged to participate in menu planning. Planned menus must be conspicuously posted or easily available to residents. Regular and therapeutic menus as served, with substitutions noted before or when the meal is served, must be kept on file in the facility for 6 months. (e) Therapeutic diets must be prepared and served as ordered by the health care provider. 1. Facilities that offer residents a variety of food choices through a select menu, buffet style dining, or family style dining are not required to document what is eaten unless a health care provider's order indicates that such monitoring is necessary. However, the food items that enable residents to comply with the therapeutic diet must be identified on the menus developed for use in the facility. 2. The facility must document a resident's refusal to comply with a therapeutic diet and provide notification to the resident's health care provider of such refusal. (f) For facilities serving three or more meals a day, no more than 14 hours must elapse between the end of an evening meal containing a protein food and the beginning of a morning meal. Intervals between meals must be evenly distributed throughout the day with not less than 2	{A 093}

{A 200} SS=D	59A-36.025 FAC Emergency Environmental Control 59A-36.025 Emergency Environmental Control for Assisted Living Facilities. (1) DETAILED EMERGENCY ENVIRONMENTAL CONTROL PLAN. Each assisted living facility shall prepare a detailed plan ("plan") to serve as a supplement to its Comprehensive Emergency Management Plan, to address emergency environmental control in the event of the loss of primary electrical power in that assisted living facility which includes the following information: (a) The acquisition of a sufficient alternate power source such as a generator(s), maintained at the assisted living facility, to ensure that current licensees of assisted living facilities will be equipped to ensure air temperatures will be maintained at or below 81 degrees Fahrenheit for a minimum of ninety-six (96) hours in the event of the loss of primary electrical power. 1. The required temperature must be maintained in an area or areas, determined by the assisted living facility, of sufficient size to maintain residents safely at all times and that is appropriate for resident care needs and life safety requirements. For planning purposes, no less than twenty (20) net square per resident must be provided. The assisted living facility may use eighty percent (80%) of its licensed bed capacity as the number of residents to be used in	{A 200}

the to determine the required square footage. This may include areas that are less than the entire assisted living facility if the assisted living facility's comprehensive emergency management plan includes allowing a resident to congregate when he or she desires in portions of the building where temperatures will be maintained and includes procedures for monitoring residents for signs of heat related injury as required by this rule. This rule does not prohibit a facility from acting as a receiving provider for evacuees when the conditions stated in Section 408.821, F.S. and subsection 59A-36.019(5), F.A.C., are met. The plan shall include information regarding the area(s) within the assisted living facility where the required temperature will be maintained.
2. The alternate power source and fuel supply shall be located in an area(s) in accordance with local zoning and the Florida Building Code.
3. Each assisted living facility is unique in size; the types of care provided; the physical and mental capabilities and needs of residents; the type, frequency, and amount of services and care offered; and staffing characteristics. Accordingly, this rule does not limit the types of systems or equipment that may be used to achieve temperatures at or below 81 degrees Fahrenheit for a minimum of ninety-six (96) hours in the event of the loss of primary electrical power. The plan shall include information regarding the systems and equipment that will be used by the assisted living facility and the fuel required to operate the systems and equipment.
a. An assisted living facility in an evacuation zone pursuant to Chapter 252, F, S. must maintain an alternative power source and fuel as required by this subsection at all times when the assisted living facility is occupied but is permitted to utilize

a mobile generator(s) to enable portability if evacuation is necessary.
b. Assisted living facilities located on a single campus with other facilities under common ownership, may share fuel, alternative power resources, and resident space available on the campus if such resources are sufficient to support the requirements of each facility's residents, as specified in this rule. Details regarding how resources will be shared and any necessary movement of residents must be clearly described in the emergency power plan.
c. A multistory facility, whose comprehensive emergency management plan is to move residents to a higher floor during a flood or surge event, must place its alternative power source and all necessary additional equipment so it can safely operate in a location protected from flooding or storm surge damage.
(b) The acquisition of sufficient fuel, and safe maintenance of that fuel at the facility, to ensure that in the event of the loss of primary electrical power there is sufficient fuel available for the alternate power source to maintain temperatures at or below 81 degrees Fahrenheit for a minimum of ninety-six (96) hours after the loss of primary electrical power during a declared state of emergency. The plan must include information regarding fuel source and fuel storage.
1. Facilities must store minimum amounts of fuel onsite as follows:
a. A facility with a licensed capacity of 16 beds or less must store 48 hours of fuel onsite.
b. A facility with a licensed capacity of 17 or more beds must store 72 hours of fuel onsite.
2. An assisted living facility located in an area in a declared state of emergency area pursuant to Section 252.36, F.S. that may impact primary

power delivery must secure ninety-six (96) hours of fuel. The assisted living facility may utilize portable fuel storage containers for the remaining fuel necessary for ninety-six (96) hours during the period of a declared state of emergency.
3. Piped natural gas is an allowable fuel source and meets the onsite fuel supply requirements under this rule.
4. If local ordinances or other regulations limit the amount of onsite fuel storage for the assisted living facility's location, then the assisted living facility must develop a plan that includes maximum onsite fuel storage allowable by the ordinance or regulation and a reliable method to obtain the maximum additional fuel at least 24 hours prior to depletion of onsite fuel.
(c) The acquisition of services necessary to maintain, and test the equipment and its functions to ensure the safe and sufficient operation of the alternate power source maintained at the assisted living facility.
(d) The acquisition and maintenance of a monoxide alarm.
(2) SUBMISSION OF THE PLAN.
(a) Each new assisted living facility shall submit the plan required under this rule prior to obtaining a license.
(b) Each existing assisted living facility that undergoes any additions, modifications, alterations, refurbishment, renovations or reconstruction that require modification of its systems or equipment affecting the facility's compliance with this rule shall amend its plan and submit it to the county emergency management agency for review and approval.
(3) APPROVED PLANS.
(a) Each assisted living facility must maintain a copy of its approved plan in a manner that makes the plan readily available at the licensee's

(a) Each assisted living facility shall develop and implement written policies and procedures to ensure that the assisted living facility can effectively and immediately activate, operate and maintain the alternate power source and any fuel required for the operation of the alternate power source. The procedures shall ensure that residents do not experience complications from fluctuations in air temperatures inside the facility. Procedures must address the care of residents occupying the facility during a declared state of emergency, specifically, a description of the methods to be used to mitigate the potential for heat related injury including: 1. The use of cooling devices and equipment; 2. The use of refrigeration and freezers to produce ice and appropriate temperatures for the maintenance of medicines requiring refrigeration; 3. Wellness checks by assisted living facility staff to monitor for signs of and heat injury; and 4. A provision for obtaining medical intervention from emergency services for residents whose life safety is in jeopardy. (b) Each assisted living facility shall maintain the written policies and procedures in a manner that makes them readily available at the licensee's physical address for review by a legally authorized entity. If the policies and procedures are maintained in an electronic format, assisted living facility staff must be readily available to access the policies and procedures and produce the requested information. For purposes of this section, "readily available" means the ability to immediately produce the policies and procedures, either in electronic or paper format, upon request.	{A 200}
