A 057 SS=D	59A-36.008(8) FAC Medication - Over The Counter (OTC) Products (8) OVER THE COUNTER (OTC) PRODUCTS. For purposes of this subsection, the term over the counter includes, but is not limited to, over the counter medications, , nutritional supplements and nutraceuticals, hereafter referred to as OTC products, that can be sold without a prescription. (a) A facility may keep a stock supply of OTC products for multiple resident use. When providing any OTC product that is kept by the facility as a stock supply to a resident, the staff member providing the medication must record the name and amount of the OTC product provided in the resident's medication observation record. All OTC products kept as a stock supply must be stored in a locked container or secure room in a central location within the facility and must be labeled with the medication's name, the date of purchase, and with a notice that the medication is part of the facility's stock supply. (b) OTC products, including those prescribed by a health care provider but excluding those kept as a stock supply by the facility, must be labeled with the resident's name and the manufacturer's label with directions for use, or the health care provider's directions for use. No other labeling requirements are required. (c) Residents or their representatives may purchase OTC products from an establishment of their choice. (d) A health care provider's order is required	A 057

A 057	Continued From page 1 when a nurse provides assistance with self-administration or administration of OTC products. When an order for an OTC product exists, the order must meet the requirements of paragraphs (b) and (c) of this subsection. A health care provider's order for OTC products is not required when a resident self-administers his or her medications, or when unlicensed staff provides assistance with self-administration of medications. This Statute or Rule is not met as evidenced by: Based on observation and interview, the facility failed to ensure that it stored over-the-counter (OTC) products kept as stock supply in a secured room that was in a central location within the facility. Findings include: An observation on at approximately 6:50 AM revealed that there were multiple containers of [ ] brand food and beverage thickener located in the backyard shed. Further observation revealed that the shed was unlocked and accessible to the residents. (Photographic evidence obtained) During an interview on at approximately 7:15 AM with the Administrator, when informed that there were multiple containers of unsecured food and beverage thickener located in the backyard shed, she asked Staff B (Caregiver) if the food and beverage thickener was left unlocked, to which Staff B stated yes. 46-55	375
56-65	416
66-75	457
76-85	498
86-95	539

For every 20 total combined residents, day care participants, and respite care residents over 95 add 42 staff hours per week.
2. Independent living residents, as referenced in subsection 59A-36.015(3), F.A.C., who occupy beds included within the licensed capacity of an assisted living facility but do not receive personal, limited nursing, or extended congregate care services, are not counted as residents for purposes of computing minimum staff hours.
3. At least one staff member who has access to facility and resident records in case of an emergency must be in the facility at all times when residents are in the facility. Residents serving as paid or volunteer staff may not be left solely in charge of other residents while the facility administrator, manager or other staff are absent from the facility.
4. In facilities with 17 or more residents, there

A staff member who has completed courses in First Aid and ( ) and holds a currently valid card documenting completion of such courses must be in the facility at all times. a. Documentation of attendance at First Aid or courses pursuant to subsection 59A-36.011(5), F.A.C., satisfies this requirement. b. A nurse is considered as having met the course requirements for First Aid. An emergency medical technician or paramedic currently certified under chapter 401, part III, F.S., is considered as having met the course requirements for both First Aid and . 6. During periods of temporary absence of the administrator or manager of more than 48 hours when residents are on the premises, a staff member who is at least must be physically present and designated in writing to be in charge of the facility. No staff member shall be in charge of a facility for a consecutive period of 21 days or more, or for a total of 60 days within a calendar year, without being an administrator or manager. 7. Staff whose duties are exclusively building or grounds maintenance, clerical, or food preparation do not count towards meeting the minimum staffing hours requirement. 8. The administrator or manager's time may be counted for the purpose of meeting the required staffing hours, provided the administrator or manager is actively involved in the day-to-day operation of the facility, including making decisions and providing supervision for all aspects of resident care, and is listed on the facility's staffing schedule. 9. (b) Notwithstanding the minimum staffing requirements specified in paragraph (a), all facilities, including those composed of apartments, must have enough qualified staff to provide resident supervision, and to provide or arrange for resident services in accordance with the residents' scheduled and unscheduled service needs, resident contracts, and resident care standards as described in rule 59A-36.007, F.A.C.
(c) The facility must maintain a written work schedule that reflects its 24-hour staffing pattern for a given time period. Upon request, the facility must make the daily work schedules of direct care staff available to residents or their representatives.
(d) The facility must provide staff immediately when the agency determines that the requirements of paragraph (a) are not met. The facility must immediately increase staff above the minimum levels established in paragraph (a), if the agency determines that adequate supervision and care are not being provided to residents, resident care standards described in rule 59A-36.007, F.A.C., are not being met, or that the facility is failing to meet the terms of residents' contracts. The agency will consult with the facility administrator and residents regarding any determination that additional staff is required. Based on the recommendations of the local fire safety authority, the agency may require additional staff when the facility fails to meet the fire safety standards described in rule chapter 69A-40, F.A.C., until such time as the local fire safety authority informs the agency that fire safety requirements are being met.
