A 000	Initial Comments An unannounced Relicensure and Generator Monitoring survey was conducted on - at The Broadmoor ALF. Deficiencies related to the relicensure was identified at the time of survey.	A 000		
A 078	59A-36.010(2) FAC Staffing Standards - Staff (2) STAFF. (a) Within 30 days after beginning employment, newly hired staff must submit a written statement from a health care provider documenting that the individual does not have any signs or symptoms of communicable . The examination performed by the health care provider must have been conducted no earlier than 6 months before submission of the statement. Newly hired staff does not include an employee transferring without a break in service from one facility to another when the facility is under the same management or ownership. 1. Evidence of a negative examination must be documented on an annual basis. Documentation provided by the Florida Department of Health or a licensed health care provider certifying that there is a shortage of testing materials satisfies the annual examination requirement. An individual with a positive test must submit a health care provider's statement that the individual does not constitute a risk of 2. If any staff member has, or is suspected of having, a communicable , such individual must be immediately removed from duties until a written statement is submitted from a health care provider indicating that the individual does not constitute a risk of transmitting a communicable	A 078

A 093	Continued From page 5 by the facility must be reviewed annually by a licensed or registered dietitian, a licensed nutritionist, or a registered dietetic technician supervised by a licensed or registered dietitian, or a licensed nutritionist to ensure the meals meet the nutritional standards established in this rule. The annual review must be documented in the facility files and include the original signature of the reviewer, registration or license number, and date reviewed. Portion sizes must be indicated on the menus or on a separate sheet. 1. Daily food servings may be divided among three or more meals per day, including snacks, as necessary to accommodate resident needs and preferences. 2. Menu items may be substituted with items of comparable nutritional value based on the seasonal availability of fresh produce or the preferences of the residents. (d) Menus must be dated and planned at least 1 week in advance for both regular and therapeutic diets. Residents must be encouraged to participate in menu planning. Planned menus must be conspicuously posted or easily available to residents. Regular and therapeutic menus as served, with substitutions noted before or when the meal is served, must be kept on file in the facility for 6 months. (e) Therapeutic diets must be prepared and served as ordered by the health care provider. 1. Facilities that offer residents a variety of food choices through a select menu, buffet style dining, or family style dining are not required to document what is eaten unless a health care provider's order indicates that such monitoring is necessary. However, the food items that enable residents to comply with the therapeutic diet must be identified on the menus developed for use in the facility.	A 093

A 093	Continued From page 7 failed to offer a variety of meals to meet the nutritional needs of the residents residing in the facility. It was further determined that the facility failed to ensure all menus were dated and planned at least one week in advance. The findings include: During an interview with the Administrator at 10:15AM on , the facility's menus approved by a Dietician were requested. The Administrator provided a two-page document titled "The Broadmoor ALF." Review of this document revealed it contained a three-day menu repeated for seven days. Observation of the lunch meal service revealed the fifteen residents of the rosewood dining room having their lunch meal. Observation revealed residents were served salisbury steak, carrot and brown rice and water with no additional food items provided. Review of the menu dated Tuesday revealed the Salisbury steak, green beans, boiled Potatoes, Ice cream or NSA Ice Cream, Water. During an interview with the Administrator on 0707/2026 at11:59 AM, she was informed of the concerns noted and identified. She stated in the past she used 4-week cycle menus but recently switched to a 2-week cycle, menus also were not dated and acknowledged. She was unable to provide proof that the menu had been approved within the past year. No additional documentation was proovided during the survey.	A 093
