(h) Medications for which the time of administration, the amount, the strength of dosage, the method of administration, or the reason for administration requires judgment or discretion on the part of the unlicensed person. (5) Assistance with the self-administration of medication by an unlicensed person as described in this section shall not be considered administration as defined in s. 465.003. 59A-36.008 (3) ASSISTANCE WITH SELF-ADMINISTRATION. (a) Any unlicensed person providing assistance with self-administration of medication must be , or older, trained to assist with self administered medication pursuant to the training requirements of Rule 59A-36.011, F.A.C., and must be available to assist residents with self-administered medications in accordance with procedures described in Section 429.256, F.S. and this rule. (b) In addition to the specifications of Section 429.256(3), F.S., assistance with self-administration of medication includes, orally advising the resident of the name and dosage of the medication and verbally prompting a resident to take medications as prescribed. (c) In order to facilitate assistance with self-administration, trained staff may prepare and make available such items as water, juice, cups, and spoons. Trained staff may also return unused doses to the medication container. Medication, which appears to have been contaminated, must not be returned to the container.	{A 052}

{A 052}	Continued From page 3 (d) Trained staff must observe the resident take the medication. Any concerns about the resident's reaction to the medication or suspected noncompliance must be reported to the resident's health care provider and documented in the resident's record. (e) When a resident who receives assistance with medication is away from the facility and from facility staff, the following options are available to enable the resident to take medication as prescribed: 1. The health care provider may prescribe a medication schedule that coincides with the resident's presence in the facility, 2. The medication container may be given to the resident, a friend, or family member upon leaving the facility, with this fact noted in the resident's medication record, 3. The medication may be transferred to a pill organizer pursuant to the requirements of subsection (2), and given to the resident, a friend, or family member upon leaving the facility, with this fact noted in the resident's medication record, or 4. Medications may be separately prescribed and dispensed in an easier to use form, such as unit dose packaging. (f) Assistance with self-administration of medication does not include the activities detailed in Section 429.256(4), F.S. (g) As used in Section 429.256(4)(h), F.S., the terms "judgment" and "discretion" mean interpreting vital signs and evaluating or assessing a resident's condition. (h) All trained staff must adhere to the facility's control policy and procedures when assisting with the self-administration of medication.	{A 052}

{A 052}	Continued From page 6 On at 9:39 a.m., during an interview, MT StaffP said that she knows that she needs to sanitize or wash her between each resident during medication passes. She said that there was no sanitizer on the med cart so she didn't have the chance to clean. On at 9:48 a.m., during an interview, the Assistant Director of Health and Wellness said that the policy is to sanitize before and after each resident during assistance with administration of medications. She said that she noticed that there was no sanitizer on the cart so she went over and gave the med tech some sanitizer after the surveyor had finished the medication observation. She said that the med tech failed to sanitize between each resident during the medication pass. On at 10:15 a.m., during an interview, the Regional Director said that the policy states that the staff member must sanitize before and after each resident during a medication pass and it is part of the med training that is done. She acknowledged that failing to sanitize was against policy and regulation. On at 10:25 a.m., during an interview, the Regional Director of Health and Wellness said that she did not understand why there wasn't sanitizer on the cart. Class III .	{A 052}
