A 078 SS=D	59A-36.010(2) FAC Staffing Standards - Staff (2) STAFF. (a) Within 30 days after beginning employment, newly hired staff must submit a written statement from a health care provider documenting that the individual does not have any signs or symptoms of communicable . The examination performed by the health care provider must have been conducted no earlier than 6 months before submission of the statement. Newly hired staff does not include an employee transferring without a break in service from one facility to another when the facility is under the same management or ownership. 1. Evidence of a negative examination must be documented on an annual basis. Documentation provided by the Florida Department of Health or a licensed health care provider certifying that there is a shortage of testing materials satisfies the annual examination requirement. An individual with a positive test must submit a health care provider's statement that the individual does not constitute a risk of . 2. If any staff member has, or is suspected of having, a communicable , such individual must be immediately removed from duties until a written statement is submitted from a health care provider indicating that the individual does not constitute a risk of transmitting a communicable . (b) Staff must be qualified to perform their assigned duties consistent with their level of education, training, preparation, and experience. Staff providing services requiring licensing or certification must be appropriately licensed or certified. All staff must exercise their responsibilities, consistent with their qualifications, to observe residents, to document	A 078

A 078	Continued From page 1 observations on the appropriate resident's record, and to report the observations to the resident's health care provider in accordance with this rule chapter. (c) All staff must comply with the training requirements of rule 59A-36.011, F.A.C. (d) An assisted living facility to provide services to residents must ensure that individuals providing services are qualified to perform their assigned duties in accordance with this rule chapter. The contract between the facility and the staffing agency or contractor must specifically describe the services the staffing agency or contractor will provide to residents. (e) For facilities with a licensed capacity of 17 or more residents, the facility must: 1. Develop a written job description for each staff position and provide a copy of the job description to each staff member; and, 2. Maintain time sheets for all staff. (f) Level 2 background screening must be conducted for staff, including staff by the facility to provide services to residents, pursuant to sections 408.809 and 429.174, F.S. This Statute or Rule is not met as evidenced by: Based on record review and interview, the facility failed to ensure one (Staff B Caregiver) out of four sampled employees was capable in describing chocking techniques consistent with the level of education, training, preparation, and experience. Findings: Interviewed on at 11:51 AM when asked to describe what should be done by staff if a resident was choking, Staff B failed to describe the choking techniques and the question remained unanswered. Interviewed on at 2:13 PM during the exit conference, the Administrator stated that Staff B needed to be retrained. According to the Cleveland Clinic states the following when dealing with a choking victim: "stand to the side and hit behind the person. Kneel if it's a small child. Lean the person slightly forward, use your nondominant to gently support the person's . This means if you're handed, use your left for support. Use the heel of your dominant to strike the area between their blades. This is called a blow or slap, Do up to five of these. Between each one, pause to see if the object has come out. If five blows aren't enough, do up to five adnominal thrusts. This is also called [thrust]. You make a fist with one and clasp your other around it. Place your between the person's belly button and cage and push inward and upward. Don't attempt this unless you're trained. If the person is still choking, repeat this sequence of five blows and five thrust until the object comes out or medical help arrives. It the person goes at any point before help arrives, begin if you are able." Class III	A 078

continued residency for the type of license held by the facility under this part. The following criteria apply to the determination of appropriateness for admission and continued residency of an individual in a facility:
(a) A facility may admit or retain a resident who receives a health care service or treatment that is designed to be provided within a private residential setting if all requirements for providing that service or treatment are met by the facility or a third party.
(b) A facility may admit or retain a resident who requires the use of assistive devices.
(c) A facility may admit or retain an individual receiving hospice services if the arrangement is agreed to by the facility and the resident, additional care is provided by a licensed hospice, and the resident is under the care of a physician who agrees that the physical needs of the resident can be met at the facility. The resident must have a plan of care which delineates how the facility and the hospice will meet the scheduled and unscheduled needs of the resident, including, if applicable, staffing for nursing care.
(d)1. Except for a resident who is receiving hospice services as provided in paragraph (c), a facility may not admit or retain a resident who is bedridden or who requires 24-hour nursing supervision. For purposes of this paragraph, the term "bedridden" means that a resident is confined to a bed because of the inability to:
a. Move, turn, or reposition without total physical assistance;
b. Transfer to a chair or wheelchair without total physical assistance; or
c. Sit safely in a chair or wheelchair without personal assistance or a physical .
2. A resident may continue to reside in a facility if,
