A 000	Initial Comments An unannounced relicensure survey was conducted on 09/30/2026 at Brookdale Panama City, an Assisted Living Facility in Panama City, FL. A review of the facility's Limited Nursing Services, generator assessment, and Comprehensive Emergency Management Plan was performed during this survey. At the time of the survey, deficient practice was noted.	A 000		
A 075 SS=D	429.255(3-5) FS Use of Personnel; Emergency Care (AED) (3)(a) An assisted living facility licensed under this part with 17 or more beds shall have on the premises at all times a functioning automated external defibrillator as defined in s. 768.1325(2)(b). (b) The facility is encouraged to register the location of each automated external defibrillator with a local emergency medical services medical director. (c) The provisions of ss. 768.13 and 768.1325 apply to automated external defibrillators within the facility. (4) Facility staff may withhold or withdraw cardiopulmonary resuscitation or the use of an automated external defibrillator if presented with an order not to resuscitate executed pursuant to s. 401.45. The agency shall adopt rules providing for the implementation of such orders. Facility staff and facilities may not be subject to criminal prosecution or civil liability, nor be considered to have engaged in negligent or unprofessional conduct, for withholding or withdrawing cardiopulmonary resuscitation or use of an automated external defibrillator pursuant to such an order and rules adopted by the agency. The absence of an order not to resuscitate executed pursuant to s. 401.45 does not preclude a	A 075

A 075	Continued From page 1 physician from withholding or withdrawing cardiopulmonary resuscitation or use of an automated external defibrillator as otherwise permitted by law. (5) The agency may adopt rules to implement the provisions of this section relating to use of an automated external defibrillator. This Statute or Rule is not met as evidenced by: Based on observation and staff interviews, the facility failed to properly maintain one of one automated external defibrillators (AED) within the facility. This failure had the potential to affect 4 of 36 residents within the facility who would require cardiopulmonary resuscitation in the event of cardiac arrest. The findings include: An observation of the AED located in the medication room was conducted on 9/30/26 at 10:02 AM in the presence of the Wellness Director. The pads for the AED expired on 3/23/23. (Photographic evidence obtained) An interview with the Wellness Director concurrent with this observation revealed that the Maintenance Director checked the AED every month. An interview was conducted with the Maintenance Director on 9/30/26 at 10:06 AM. The Maintenance Director stated he only checked the function of the AED every month and did not check to ensure the pads were not expired. Review of an order listing report dated 9/30/26 provided by the Wellness Director revealed 4 of the 36 total residents in the facility would require cardiopulmonary resuscitation in the event of	A 075
