A 000	Initial Comments An unannounced Change of Ownership (CHOW), Capacity Increase, and Generator Monitoring survey was conducted at AFH Senior Care Coral Springs on . Deficiencies related to the CHOW were identified at the time of the survey. Note: Capacity Increase Request Denied.	A 000		
A 056	59A-36.008(7) FAC Medication - Labeling and Orders (7) MEDICATION LABELING AND ORDERS. (a) The facility may not store prescription drugs for self-administration, assistance with self-administration, or administration unless they are properly labeled and dispensed in accordance with Chapters 465 and 499, F.S., and Rule 64B16-28.108, F.A.C. If a customized patient medication package is prepared for a resident, and separated into individual medicinal drug containers, then the following information must be recorded on each individual container: 1. The resident's name; and, 2. The identification of each medicinal drug in the container. (b) Except with respect to the use of pill organizers as described in subsection (2), no individual other than a pharmacist may transfer medications from one storage container to another. (c) If the directions for use are "as needed" or "as directed," the health care provider must be contacted and requested to provide revised instructions. For an "as needed" prescription, the circumstances under which it would be appropriate for the resident to request the medication and any limitations must be specified;	A 056

for example, "as needed for , , not to exceed 4 tablets per day." The revised instructions, including the date they were obtained from the health care provider and the signature of the staff who obtained them, must be noted in the medication record, or a revised label must be obtained from the pharmacist.
(d) Any change in directions for use of a medication that the facility is administering or providing assistance with self-administration must be accompanied by a written, faxes, or electronic copy of a medication order issued and signed by the resident's health care provider. The new directions must promptly be recorded in the resident's medication observation record. The facility may then obtain a revised label from the pharmacist or place an "alert" label on the medication container that directs staff to examine the revised directions for use in the medication observation record.
(e) A nurse may take a medication order by telephone. Such order must be promptly documented in the resident's medication observation record. The facility must obtain a written medication order from the health care provider within 10 working days. A faxed or electronic copy of a signed order is acceptable.
(f) The facility must make every reasonable effort to ensure that prescriptions for residents who receive assistance with self-administration of medication or medication administration are filled or refilled in a timely manner.
(g) Pursuant to Section 465.0276(5), F.S., and Rule 61N-1.006, F.A.C., sample or complimentary prescription drugs that are dispensed by a health care provider, must be kept in their original manufacturer's packaging, which must include the practitioner's name, the resident's name for whom they were dispensed,

A 056	Continued From page 2 and the date they were dispensed. If the sample or complimentary prescription drugs are not dispensed in the manufacturer's labeled package, they must be kept in a container that bears a label containing the following: 1. Practitioner's name, 2. Resident's name, 3. Date dispensed, 4. Name and strength of the drug, 5. Directions for use; and, 6. Expiration date. (h) Pursuant to Section 465.0276(2)(c), F.S., before dispensing any sample or complimentary prescription drug, the resident's health care provider must provide the resident with a written prescription, or a faxed or electronic copy of such order. This Statute or Rule is not met as evidenced by: Based on observation, record review, and interview, the facility failed to ensure medications were properly labeled and dispensed for 1 out of 2 sampled residents (Residents #4). This was evidenced by the facility's failure to ensure that physician orders matched the labels and directions on medications stored in the central medication storage, as well as the facility's failure to maintain medications that were ordered for residents. The findings included: A review of Resident #4's Resident Health Assessment (AHCA Form 1823) revealed the resident required assistance with self-administration of medications. During a concurrent medication audit and interview conducted with Staff B (HHA) on	A 056

A 162	Continued From page 7 from 9:21AM to 9:26AM, Resident #3 was observed lying in a hospice bed with full bedrails and the slightly elevated. Further observation revealed, Staff B (MedTech) assisting the resident with self-administration of medication and assisting the resident with transferring. A review of Resident #3's file revealed an admission date of . Further review revealed a Resident Health Assessment (AHCA Form 1823) dated which documented the resident had diagnoses of , Aphasia, Left Side , . Additionally, he was documented as bedbound with "check for " precautions. Furthermore, the resident required total care with all activities of daily living and was receiving hospice services. The following items were missing from Resident #3's file: - Progress notes for the years 2024, 2025, and 2026 - Documentation of a power of attorney, legal guardian, or healthcare surrogate During an interview conducted with the Administrator on at 3:05 PM, she was notified that despite Resident #3 receiving hospice services and requiring total care, the facility had no documentation for his legal guardian/healthcare surrogate nor progress notes tracking his condition; indicating a lack of oversight of the resident's care needs.
