0000 - Initial Comments

An unannounced complaint survey for CCR#2018017188 was conducted on through at Barrington Terrace of Fort Myers, an assisted living facility (license #10100) in Fort Myers, Florida.

The complaint contained one allegation which was substantiated with a deficiency.

The following is a description of the deficiency.

0076 - ( ) - 58A-5.0186 FAC

Based on staff, provider, and family interviews and record reviews, the facility failed to implement emergency care procedures in accordance with facility policy and state regulation for 1 (Resident #3) of 5 residents sampled for in the facility. Resident #3 did not have a ( ). The facility staff failed to provide , , ( ) when Resident #3 was found unresponsive.

The findings included:

On , review of the resident record for Resident #3 revealed was admitted to the facility . There was no on the chart. Resident #3 was a full-code. Full-code status means if a person's stops beating, should be initiated.

A review of the facility policy and procedure titled Emergency Procedures/Medical Plan (Resident Care Manual Policies and Procedures - Florida,) included:
"1. In the event of an emergency, call 911 immediately."
"2. Provide relevant information to the 911 operator:"
"3. If a Resident is unresponsive with little or no breathing motion and there is no , in the or and no beat apparent from the , initiate ."

A non-facility employee (ARNP) directed facility staff not to do . This action was contrary to the facility policy and procedure.

On at 10:45 a.m., during an interview the facility Executive Director said an adverse incident was filed by a facility staff who is no longer employed at the facility. The date of the first filing was at 5:05 p.m. When asked why was not done, the Executive Director said the ARNP came in at 7:30 a.m., he went down to the room and found the resident slumped on the floor with his against the

couch. The ARNP went to the nurses' station and told the off going nurse to call 911. The nurse went down the hall with the ARNP. did not initiate , no one did any . The site commander said the resident had lividity (discoloration from pooling of after).

On at 11:26 a.m., during an interview, Staff A said, "I came on duty and the ARNP [Advanced Registered Nurse Practitioner] came down and told us [Resident #3] had . The ARNP said we were not going not going to do , . He said he did not want to put him through the , . He called the daughter and told her we were not going to do that."

On at 11:40 a.m., during a telephone interview, the ARNP said, "I met with the family after that. I cannot recall if I received any calls the night before. I did a house call on him on that morning between 6:30 a.m. to 8:00 a.m. I found him on the floor slumped against the couch, , no , . They [the staff] called -1. I called the daughter who is the durable power of attorney who lived in NY. He [Resident #3] declined hospice ... I informed the daughter and that I thought he was expired and that the EMTs [emergency medical technicians] can do . If he could be revived he could be worse off; the daughter said not to do . The EMTs asked for a and were told there wasn't one. I did not stay around to see if they did ."

On at 10:07 a.m., during a telephone interview, Resident # 3's daughter said, "I got a call around 8:00 a.m. and the caller identified himself as the ARNP. He told me my father has expired. He said 'I don't think it would be helpful to him.' I said I didn't think so either. He went on to say my father was not a and asked why. The ARNP said my father was on hospice and wondered why he was not . I responded, 'He was not on hospice.' The ARNP said I was his surrogate and why didn't I make him a . I responded to him, 'I didn't want it.' Someone said the ARNP started and I spoke with the ARNP he said he didn't start , he said he wasn't certified in ."

On at 5:03 p.m., during a telephone interview Staff B, Licensed Practical Nurse, said that she had already given report to the day nurse. That happened around 8:00 a.m. when the ARNP did his rounds he came and said the resident was not breathing. The ARNP and Staff A went to the room. The facility implemented 2 hour rounds on residents. She said that she called on her own. She said she knew that you need to call 911 when there is a resident who is not breathing. She said she just remembered asking why no one started .

On at 2:32 p.m., during a telephone interview the ARNP said, " He was stiff [ ], pale, cool to the touch. There was pooling of on the dependent side of the body [lividity]."

A Florida Form was never documented.
