The findings included: On at 10:30 AM the surveyor took a tour of the facility and observed that the pool was a dark green. The water was very murky and you could not see down to the bottom of the pool. The Administrator stated that the previous owner made the pool out of a pond. She stated that she has put in the pool several times but the color will not change.. She stated that she has been told she would need to obtain a system that will reverse the process that was previously done to the pool but it is too expensive. During an interview on at 5:35 PM the Administrator acknowledged the findings and no additional information was provided. Class III	A 152

A 052	Continued From page 43 (c) In order to facilitate assistance with self-administration, trained staff may prepare and make available such items as water, juice, cups, and spoons. Trained staff may also return unused doses to the medication container. Medication, which appears to have been contaminated, must not be returned to the container. (d) Trained staff must observe the resident take the medication. Any concerns about the resident's reaction to the medication or suspected noncompliance must be reported to the resident's health care provider and documented in the resident's record. (e) When a resident who receives assistance with medication is away from the facility and from facility staff, the following options are available to enable the resident to take medication as prescribed: 1. The health care provider may prescribe a medication schedule that coincides with the resident's presence in the facility. 2. The medication container may be given to the resident, a friend, or family member upon leaving the facility, with this fact noted in the resident's medication record. 3. The medication may be transferred to a pill organizer pursuant to the requirements of subsection (2), and given to the resident, a friend, or family member upon leaving the facility, with this fact noted in the resident's medication record, or 4. Medications may be separately prescribed and dispensed in an easier to use form, such as unit dose packaging. (f) Assistance with self-administration of medication does not include the activities detailed in section 429.256(4), F.S. 1. As used in section 429.256(4)(g), F.S., the term "competent resident" means that the	A 052

A 052	Continued From page 44 resident is cognizant of when a medication is required and understands the purpose for taking the medication. 2. As used in section 429.256(4)(h), F.S., the terms "judgment" and "discretion" mean interpreting vital signs and evaluating or assessing a resident's condition. (g) All trained staff must adhere to the facility's control policy and procedures when assisting with the self-administration of medication. This Statute or Rule is not met as evidenced by: Based on observation, interview, and record review it was determined that the facility failed to assist a resident with the self-administration of medication in accordance with procedures described in Section 429.256, Florida Statutes (F.S.), specifically related to failure to compare the pill bottle label to the Medication Observation Record (MOR) and to read the medication label in the presence of the resident, for sampled resident (Resident #2). The findings include: During a medication-pass observation conducted with Staff D at 12:19 PM on, while providing assistance with the self-administration of medication to Resident # 2 Staff D did not review the MORs and compare the pill bottle label to the MOR. She stated that she gave the pill yesterday so she knows what to give the resident. She did not read the medication label in the presence of Resident # 2 as required. She told Resident # 2 I am giving you your 12 PM medication. Resident # 2 asked Staff D was this his medication. Staff D said I don't know.	A 052
