R 000	Initial Comments The following deficiency was cited as a result of investigation 132615-C.	R 000	see attached POC 7/31/26	
R 766	481-57.19(4)i Drugs 57.19(4) Drug administration. i. Medications administered by an employee of the facility shall be recorded on a medication record by the individual who administers the medication. (I, II, III) This REQUIREMENT is not met as evidenced by: Based on interview and record review, facility employees failed to record medications administered in the medication record. This pertained to 1 of 1 resident receiving wound care services (Resident #1). The findings are detailed below: Record review on 7/28/26 revealed Resident #1's physician's order dated 6/23/26 to apply Calmoseptine to Resident #1's right buttocks wound as needed. Further review revealed Resident #1's Medication Administration Record (MAR) for July. The MAR revealed no entries on the MAR for Calmoseptine. When interviewed on 7/29/26 at 12:45 p.m., Staff A stated when she completed toileting with Resident #1, she checked Resident #1's buttocks wound and applied Calmoseptine as needed. She admitted she did not record the application of the	R 766

Plan of correction

Date survey was completed- 7/30/26

57.19- Drug administration

1. Corrective action was completed on 7/31/26 by reviewing Medication Administration Policy and Procedures with all employed Certified Medication Aides.

2. The Director of Nursing will audit the EMAR documentation 1 time per month to ensure all physician ordered medications (routine and PRN) are documented as they are administered. This was put into place on 7/31/26
