There was not a task for staff to document assisting her to the bathroom.</p> <p>4) A review of task sheets for Tenant #4 for the months of November, 2023 - February, 2024 revealed staff were instructed to remove her trash three times daily and make her bed three times a day every day. Staff did not document completing these tasks at all.</p> <p>On 3/4/24 at 1:20 PM, Staff D reported there was not a housekeeper through the whole summer until January, 2024. The caregivers did their best to keep things clean, but it was embarrassing. Maintenance could have deep cleaned the carpet. There was a terrible urine smell coming out of the carpet. Staff B reported she and other staff got sick from the urine smell and the fragrance spray they used.</p> <p>She reported there were four tenants' apartments with strong smells. Tenant #1 started to hide soiled incontinence briefs and was urinating in trash cans. She thought Tenant #2 urinated on the floor as once she went into his apartment and the floor was sticky. Things were much better now there is a housekeeper.</p> <p>On 3/4/24 at 3:30 PM, Staff A recalled housekeeping was a concern but now they were pretty much okay. They didn't have a housekeeper for too long. Families complained. The spouse of a tenant moved her husband out because of concerns with housekeeping. The DON updated his plan on 10/16/24 to add interventions for staff to remove Tenant #1 to a quiet room or activity to prevent overstimulation as he did not like yelling or loud noises.<br>- On 11/6/23 Tenant #1's spouse reported she would talk with her husband's neurologist about starting him on Seroquel for behaviors after incident on 11/5/23. She was told Tenant #2 attempted to take Tenant #3 to the toilet once. Tenant #3's family made it clear they didn't want any men near her.</p> <p>On 3/5/24 at 4:15 PM Staff E reported Tenant #2 seemed to be interested in Tenant #3. Tenant #2 had held Tenant #3's hands and touched her. She hadn't seen Tenant #2 kissing Tenant #3. Tenant #2 had moved his clothing into Tenant #3's apartment.</p> <p>During interviews with the Director of Nursing (DON) on 3/6/24 at 8:40 AM and 1:00 PM, she stated she was aware Tenant #2 went in Tenant #3's room. The DON believed Tenant #2 tried to hold Tenant #3's hand but he did this with other tenants as well. The DON was aware Tenant #2 took his clothing into Tenant #3's room. Tenant #3's family expressed they did not want any males in their mother's room or touching her. Tenant #3 was unable to vocalize concerns due to a stroke and her inability to communicate worried them about having males access their mother's room. The DON shared with staff they should redirect Tenant #2 when they saw him holding Tenant #3's hand. The DON arranged to move Tenant #3 to an apartment closer to the staff area and away from Tenant #2.</p> <p>Tenant #2 had a service plan dated 10/9/23. His service plan identified he had a history of or currently wandered but it did not jeopardize his health or the safety of others. Tenant #2 had moderate impairments and scored a 6 on the Global Deterioration Scale.
