RE: Project Number(s) SL35625016

Dear Licensee:

The Minnesota Department of Health (MDH) completed a survey on October 15, 2026, for the purpose of evaluating and assessing compliance with state licensing statutes. At the time of the survey, MDH noted violations of the laws pursuant to Minnesota Statute, Chapter 144G, Minnesota Food Code, Minnesota Rules Chapter 4626, Minnesota Statute 626.5572 and/or Minnesota Statute Chapter 260E.

MDH concludes the licensee is in substantial compliance. State law requires the facility must take action to correct the state correction orders and document the actions taken to comply in the facility's records. The Department reserves the right to return to the facility at any time should the Department receive a complaint or deem it necessary to ensure the health, safety, and welfare of residents in your care.

STATE CORRECTION ORDERS
The enclosed State Form documents the state correction orders. MDH documents state licensing correction orders using federal software. Tag numbers are assigned to Minnesota state statutes for Assisted Living Facilities. The assigned tag number appears in the far left column entitled "ID Prefix Tag." The state statute number and the corresponding text of the state statute out of compliance are listed in the "Summary Statement of Deficiencies" column. This column also includes the findings that are in violation of the state statute after the statement, "This MN Requirement is not met as evidenced by . . ."

IMPOSITION OF FINES
In accordance with Minn. Stat. § 144G.31, Subd. 4, fines and enforcement actions may be imposed based on the level and scope of the violations and may be imposed immediately with no opportunity to correct the violation first as follows:

Level 1: no fines or enforcement;
Level 2: a fine of $500 per violation, in addition to any enforcement mechanism authorized in § 144G.20;
Level 3: a fine of $1,000 per incident, in addition to any enforcement mechanism authorized in § 144G.20;

Level 4: a fine of $3,000 per incident, in addition to any enforcement mechanism authorized in § 144G.20;
Level 5: a fine of $5,000 per violation, in addition to any enforcement mechanism authorized in § 144G.20.

Therefore, in accordance with Minn. Stat. §§ 144G.01 to 144G.9999, the following fines are assessed pursuant to this survey:

St - 0 - 0775 - 144g.45 Subd. 2. (a) - Fire Protection And Physical Environment - $500.00

Therefore, in accordance with Minn. Stat. §§ 144G.01 to 144G.9999, **the total amount you are assessed is $500.00**. You will be invoiced approximately 30 days after receipt of this notice, subject to appeal.

DOCUMENTATION OF ACTION TO COMPLY
In accordance with Minn. Stat. § 144G.30, Subd. 5(c), the licensee must document actions taken to comply with the correction orders within the time period outlined on the state form; however, plans of correction are not required to be submitted for approval.

The correction order documentation should include the following:

- Identify how the area(s) of noncompliance was corrected related to the resident(s)/employee(s) identified in the correction order.
- Identify how the area(s) of noncompliance was corrected for all of the provider's resident(s)/employees that may be affected by the noncompliance.
- Identify what changes to your systems and practices were made to ensure compliance with the specific statute(s).

CORRECTION ORDER RECONSIDERATION PROCESS
In accordance with Minn. Stat. § 144G.32, Subd. 2, you may challenge the correction order(s) issued, including the level and scope, and any fine assessed through the correction order reconsideration process. The request for reconsideration must be in writing and received by MDH within 15 calendar days of the correction order receipt date.

To submit a reconsideration request, please visit:
https://forms.web.health.state.mn.us/form/HRDAppealsForm

REQUESTING A HEARING
Alternatively, in accordance with Minn. Stat. § 144G.31, Subd. 5(d), an assisted living provider that has been assessed a fine under this subdivision has a right to a reconsideration or a hearing under this section and chapter 14. Pursuant to Minn. Stat. § 144G.20, Subd. 14 and Subd. 18, a request for a hearing must be in writing and received by the Department of Health within 15 business days of the correction order receipt date. The request must contain a brief and plain statement describing each matter or issue contested and any new information you believe constitutes a defense or mitigating factor.

To submit a hearing request, please visit:
https://forms.web.health.state.mn.us/form/HRDAppealsForm

To appeal fines via reconsideration, please follow the procedure outlined above. Please note that you may request a reconsideration **or** a hearing, but not both. If you wish to contest tags without fines in a reconsideration and tags with the fines at a hearing, please submit two separate appeals forms at the website listed above.

The MDH Health Regulation Division (HRD) values your feedback about your experience during the survey and/or investigation process. Please fill out this anonymous provider feedback questionnaire at your convenience at this link: **https://forms.office.com/g/Bm5uQEpHVa**. Your input is important to us and will enable MDH to improve its processes and communication with providers.

You are encouraged to retain this document for your records. It is your responsibility to share the information contained in the letter and state form with your organization's Governing Body.

If you have any questions, please contact me.

Sincerely,

Casey DeVries, Supervisor

Physical Environment Inspection Report

ASSISTED LIVING | ASSISTED LIVING WITH DEMENTIA CARE

Project No: SL35625016-0	**Date:** October 15, 2026
Facility Name: CARE PARTNERS HOMECARE LLC	
Facility Address: 5908 79TH AVENUE BROOKLYN PARK MN 5544	

☒ **TAG IDENTIFICATION: 0775**

SCOPE/ SEVERITY: Level 2; Widespread **TIME PERIOD OF CORRECTION:** Seven (7) days

1. Each assisted living facility must comply with the provisions of the Minnesota State Fire Code (MSFC) in Minnesota Rules chapter 7511. [Minn. Stat. 144G.45 subd. 2]

2. A means of egress shall be free from obstructions that would prevent its use, including the accumulation of snow and ice. Means of egress shall remain free of any material or matter where its presence would obstruct or render the means of egress hazardous. No combustible material storage is allowed in the corridors or exit stairs. [Minn. Stat. 144G.45 subd. 2; MSFC 1031.3]

   Comments: Inside Resident Room 3, the door identified on the facility's egress map as an emergency exit was blocked by the resident's bed, preventing unobstructed egress.

3. Lighted matches, cigarettes, cigars or other burning object shall not be discarded in such a manner that could cause ignition of other combustible material. [Minn. Stat. 144G.45 subd. 2; MSFC 310.7]

   Comments: On the rear exterior of the facility, cigarette butts were discarded inside the window well in Resident Room 4. The windowsill contained accumulated dry vegetation, creating a potential fire hazard if a discarded cigarette were to ignite the material. Additionally, cigarette butts were located underneath the deck, on the patio and inside resident room 4 behind the door.

4. Open junction boxes and open-wiring splices shall be prohibited. Approved covers shall be provided for all switch and electrical outlet boxes. [Minn. Stat. 144G.45 subd. 2; MSFC 604.6]

   Comments: Throughout the facility, multiple electrical outlets were observed without outlet covers, presenting a potential safety hazard due to exposed electrical components.

DEPARTMENT OF HEALTH

☒ **TAG IDENTIFICATION: 0810**

SCOPE/ SEVERITY: Level 1; Widespread **TIME PERIOD OF CORRECTION:** Twenty One (21) days

1. Each assisted living facility shall develop and maintain fire safety and evacuation plans (FSEP) that include the location and number of resident rooms. [Minn. Stat. 144G.45 subd.2]

   Comments: During the facility tour, none of the residents' rooms were labeled. This resulted in staff being unable to consistently identify the correct room numbers. When staff were interviewed regarding the room numbers of specific rooms, their responses differed from the room numbers indicated on the facility's floor map. Lack of proper room identification may lead to delays or errors in responding to resident needs or emergencies. Facilities are required to maintain accurate and clearly identifiable room numbering to ensure staff can readily locate residents and respond appropriately.
