During the investigation, the SA determined that the facility was in compliance with the requirements of participation in Medicare and Medicaid. The SA did not substantiate CI #17914 because there is a lack of evidence to prove the facility had improper infection control practices. There were no deficiencies cited by the SA. The facility held a license for 80 with a census of 54.</p> |                                                                            |  | F 000                                                                                                 |                                                                                                                          |                                                                    |                            |

TITLE

(X6) DATE

Any deficiency statement ending with an asterisk (\*) denotes a deficiency which the institution may be excused from correcting providing it is determined that other safeguards provide sufficient protection to the patients. (See instructions.) Except for nursing homes, the findings stated above are disclosable 90 days following the date of survey whether or not a plan of correction is provided. For nursing homes, the above findings and plans of correction are disclosable 14 days following the date these documents are made available to the facility. If deficiencies are cited, an approved plan of correction is requisite to continued program participation.
