	(b) Request emergency services when such services are necessary. 2. A resident who is suffering from an illness or injury from which the resident is expected to recover within 14 days after the onset of the illness or the time of the injury may be cared for in the facility. The decision as to the period within which the resident is expected to recover from the illness or injury and the needs of the resident must be made by the resident's physician or, if he is unavailable, by another licensed physician. 3. A written record of all accidents, injuries and illnesses of the resident which occur in the facility must be made by the caregiver who first discovers the accident, injury or illness. The record must include: (a) The date and time of the accident or injury or the date and time that the illness was discovered; (b) A description of the manner in which the accident or injury occurred or the manner in which the illness was discovered; (c) A description of the manner in which the members of the staff of the facility responded to the accident, injury or illness and the care provided to the resident. This record must accompany the resident if he or she is transferred to another facility. 4. The facility shall ensure that appropriate medical care is provided to the resident by: (a) A caregiver who is trained to provide that care; (b) An independent contractor who is trained to provide that care; or (c) A medical professional. 5. Before admission and each year after admission, or more frequently if there is a significant change in the physical condition of a resident, the facility shall obtain the results of a general physical examination of the resident by a qualified provider of health care in accordance with NRS 449.1845. The resident must be cared for pursuant to any instructions provided by the qualified provider of health care. 6. The members of the staff of the facility shall: (a) Ensure that the resident receives the personal care that he requires. (b) Monitor the ability of the resident to care for his own health conditions and shall

	document in writing any significant change in his ability to care for those conditions. 7. This section does not prohibit a resident from rejecting medical care. If a resident rejects medical care, an employee of the facility shall record the rejection in writing and request that the resident sign that record as a confirmation of his rejection of medical care. If the resident rejects medical care that a physician has directed the facility to provide, the facility shall inform the resident's physician of that fact within 4 hours after the care is rejected. The facility shall maintain a record of the notice provided to the physician pursuant to this subsection. 8. As used in this section, "significant change" means a change in a resident's condition that results in a category 1 resident becoming a category 2 resident or otherwise results in an increase in the level of care required by the resident. Inspector Comments: Based on interview and record review, the facility failed to ensure 1 of 9 residents received an annual physical examination. (Resident#1) Findings include: Resident #1 (R1) R1 was admitted on 07/12/24 with a diagnosis of dementia. R1's record revealed a History and Physical dated 06/23/25. R1's record lacked documented evidence an annual physical examination was completed in 2026. On 07/13/26 in the morning, the Administrator acknowledged an annual
