WAC 388-76-10475 Medication Log. The adult family home must:

(2) Include in each medication log the:

(c) Dosage of the medication;

This requirement was not met as evidenced by:

Based on observation, interview, and record review, the adult family home failed to develop a system to ensure that a prescribed medication dosage was on the medication log (ML) for 1 of 2 sampled residents (Resident 2). This failure placed Resident 2 at risk for harm related to medication errors.

Findings include...

In a joint observation with Staff A, on 12/16/2025 at 11:24 AM, Resident 2's medications included a pill card of Olanzapine (a medication used to treat behaviors) with a prescription label that read 2.5 mg take one tablet orally (by mouth) twice daily as needed (PRN) for aggression/ anxiety.

During a joint record review with Staff A, Provider, on 12/16/2025 at 11:29 AM, December 2025 ML for Resident 2 showed it did not include the correct dose for PRN Olanzapine. December 2025 ML for Resident 2 had Olanzapine order listed as 5 mg (milligram) by mouth Q (every) 6 hours as needed.

During an interview, on 12/16/2025 at 11:33 AM, Staff A, Provider, stated that the resident had been receiving Olanzapine for several months, but they had not noticed the incorrect dosage for the PRN Olanzapine on the ML since the resident had not needed the PRN dose, and had been stable with their routine doses of Olanzapine 5 mg every morning and bedtime. Staff A stated that they slipped up when the Olanzapine

came in from the pharmacy. Staff A stated that it was their responsibility to make sure each medication was correct when it arrived from the pharmacy.

Record review of Resident 2's physician orders, dated 07/10/2025, showed Olanzapine 2.5 mg take one tablet by mouth twice daily as needed for aggression/ anxiety.

I hereby certify that I have reviewed this report and have taken or will take active measures to correct this deficiency. By taking this action, GOLDEN JEWEL OF MARYSVILLE, LLC is or will be in compliance with this law and / or regulation on (Date)_____ .
